Actively working towards: An educator who is enrolled in a course for a qualification and provides the Approved Provider with:

- documentary evidence of their commencement in the course,
- their satisfactory progress towards completion of the course and

-
- ongoing evidence that they are meeting all the requirements to maintain their enrolment.

Educators who are 'actively working towards' an approved diploma-level qualification must also hold an approved Certificate III-level education and care qualification or have completed the mandatory units of study in an approved Certificate III-level education and care qualification as determined by the national authority (ACECQA).

Adequate supervision: (In relation to this policy) **supervision** entails all children (individuals and groups) in all areas of the service, being in sight and/or hearing of an educator at all times including during toileting, sleep, rest and transition routines. Services are required to comply with the legislative requirements for educator-to-child ratios at all times. Supervision contributes to protecting children from hazards that may emerge in play, including hazards created by the equipment used.

Adequate supervision refers to constant, active and diligent supervision of every child at the service. Adequate supervision requires that educators are always in a position to observe each child, respond to individual needs, and immediately intervene if necessary. Variables affecting supervision levels include:

- number, age and abilities of children
- number and positioning of educators
- current activity of each child
- areas in which the children are engaged in an activity (visibility and accessibility)
- developmental profile of each child and of the group of children
- experience, knowledge and skill of each educator
- need for educators to move between areas (effective communication strategies).

Approved first aid qualification: A list of approved first aid qualifications, anaphylaxis management and emergency asthma management training is published on the ACECQA website: www.acecqa.gov.au

Certified Supervisor: An educator with a Supervisor Certificate (in accordance with the National Regulations) who may consent to being placed in day-to-day charge of the education and care service.

The designation must be made by the Approved Provider or the Nominated Supervisor and accepted in writing by the Certified Supervisor.

A Certified Supervisor placed in day-to-day charge of a service **does not** have the same responsibilities under the National Law as the Nominated Supervisor. Applications for Supervisor Certificates are assessed by the Regulatory Authority.

DHS: Department of Human Services

Early childhood teacher: A person with an approved early childhood teaching qualification. Approved qualifications are listed on the ACECQA website: www.acecqa.gov.au

ECA: Early Childhood Association

Educational Leader: The Approved Provider of an education and care service must designate, in writing, a suitably-qualified and experienced educator, co-ordinator or other individual to lead the development and implementation of educational programs at the service (Regulation 118). This person must have a thorough understanding of the *Early*

Years Learning Framework (or other approved learning framework), be able to guide other educators in their planning and reflection, and mentor colleagues in the implementation of their practice.

Fit-and-proper assessment: In determining whether an applicant is fit and proper, a Regulatory Authority must have regard for the applicant's history of compliance, criminal history record check, and any bankruptcy or insolvency issues. The Regulatory Authority may reassess fitness and propriety at any time. Registered teachers and those who hold a current Working with Children Check are considered to be fit-and-proper persons.

Nominated Supervisor: A person who is a Certified Supervisor and has been nominated by the Approved Provider of the Centre under Part 3 of the Act to be the Nominated Supervisor of that Centre, and who has consented to that nomination. The Nominated Supervisor has day-to-day responsibility for the Centre in accordance with the National Regulations. All services must have a Nominated Supervisor.

Police Records Check: A full-disclosure, Australia-wide criminal history record check issued by Victoria Police (refer to *Sources*), or by a police force or other authority of a state or territory, or the Commonwealth. Applicants must be 18 years or older, be assessed as a fit-and-proper person (refer to *Definitions* above) and meet the minimum requirements for qualifications, experience and management capability required under the Regulations (Regulations 46–49). Applicants for a Supervisor Certificate are assessed by the Regulatory Authority.

Victorian Institute of Teaching (VIT): The statutory authority for the regulation and promotion of the teaching profession in Victoria, established as part of the Victorian Institute of Teaching Act 2001. Working directly with children: For the purposes of the National Regulations, working directly with children is defined as being physically present with children and directly engaged in providing them with education and/or care.

Working with Children (WWC) Check: The check is a legal requirement for those undertaking paid or voluntary child-related work in Victoria and is a measure to help protect children from harm arising as a result of physical or sexual abuse. The

Department of Justice assesses a person's suitability to work with children by examining relevant serious sexual, physical and drug offences in a person's national criminal history and, where appropriate, their professional history.

A WWC Check card, notice or document (valid for five years), is granted to a person under working with children legislation if:

- they have been assessed as suitable to work with children
- there has been no information that, if the person worked with children, they would pose a risk to those children
- they are not prohibited from attempting to obtain, undertake or remain in child-related employment.

7.3 Staff Development

7.3.1 Responsibilities for staff development

The centre recognises that responsibility for performance and development lies with the individual employee, the Director and the Management Committee.

The **Management Committee's** responsibility is to ensure the effective provision and distribution of resources to support staff development.

The responsibilities of the **Director or Assistant Director** are to:

- ensure equity in the management of staff development.
- discuss development needs with individual employees.
- provide feedback on performance and potential for career development.

The **individual employee's** responsibilities are to:

- take ultimate responsibility for their career.
- seek and use opportunities for development and learning.
- develop training and development goals that meet the centre's and individual needs, in consultation with the Director/Assistant Director.

7.3.2 Working as a Team

It is the responsibility of the Director/Assistant Director and the Team Leaders to facilitate effective teamwork, in order to achieve the Centre's objectives.

It is expected that each staff member will work co-operatively and professionally towards these goals.

7.3.3 Multi-skilling

- As many staff as possible will be given the opportunity to experience each of the three rooms operating at the Centre. This will be achieved by rotating staff at the beginning of each calendar year.
- Individual needs and requests will be considered when rotation occurs, but the final decision will be made by the Director and should not hinder other staff members from the opportunity to develop their skills and knowledge.
- The Director/Assistant Director will ensure that staff development day and other programming sessions maximise the exchange of knowledge, ideas and experiences amongst staff and that efforts are made to invite outside

professionals, where necessary or desirable, to further support staff development.

7.3.4 Training

- The Management Committee via the Director is responsible for ensuring the development of staff members.
- All staff shall have the opportunity to develop their skills and knowledge through the provision of training opportunities, whether this is in the form of external training courses, internal in-service sessions, visits to other centres or other possibilities.
- Training to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse is provided to staff.
- The Director/Assistant Director shall make available information about relevant training sessions and encourage staff to attend.
- The Centre will be closed for two days every year to allow staff to have a training and development day, organised by the Director.
- The Management Committee will ensure that provision is made at the start of each financial year for Relief Staff to allow staff to attend external training sessions during the year. The Management Committee will ensure a budget is kept for staff training and development.
- The Director and Management Committee will ensure staff members are supported in their efforts to undertake further training and qualifications, through various options as suitable to the relevant training. These may be extra study time or planning time; providing mentors; being given the opportunity to take placements in various rooms or other possibilities as discussed and approved between the Management Committee and Director.
- In the interests of maintaining the highest possible standards, employees should consult with the Director before undertaking further study, for advice on which institutions offer the best courses. This will be taken into account when provision for study leave is granted. No planning or study time during work hours is guaranteed.

7.3.5 Linking Centre Policies with Staff Development

- The Management Committee is responsible for communicating clearly to staff, the policies and practices that they have adopted as the preferred means of Centre operations.

- Staff, either independently or via the Director, shall report to the Management Committee on how they are implementing the Centre's policies.

7.3.6 First Aid Certification

All child care staff (that is, staff who are part of the staff/child ratio) are required to hold a current First Aid Certificate including relief child care workers. The centre will ensure that there is one current First Aid Certified staff member on premises at all times.

The cost of maintaining the certificate is at the Centre's expense for both permanent staff and those relief staff who have worked on a regular basis for DSCCC in excess of 12 months. As First Aid Certification is a transferable skill, staff will not be reimbursed for time taken after-hours to complete certification or undertake skills maintenance.

For relief staff who have worked at the centre for less than 12 months, first aid certification and maintenance needs to be undertaken at the expense of the individual.

Relieving casual staff members who have been working at the centre for longer than 12 months, have their first aid refresher training paid for.

The centre is also required to have a first aid officer for staff injuries. The Director fulfills this role. In the absence of the Director, injuries can be tended to by the most senior qualified staff member on the premises.

Where staff are required to attend the Centre outside normal hours of operation (ie Saturdays, Monday-Friday after 6pm), overtime can be paid at the award rates, unless otherwise stated in the employee's individual agreement.

7.4.3 Leave without Pay (LWOP)

Leave without Pay will only be granted in exceptional circumstances, at the discretion of the Management Committee.

7.4.4 Annual Leave

Annual leave applications are to be addressed to the Director/Assistant Director. All applications will be considered in accordance with fairness and equity principles.

The Management Committee will allow a maximum of two weeks Annual Leave to carry over into the following year.

In special circumstances, and in an effort to assist employees to balance their work and family commitments, a staff member may elect, with the consent of the Management Committee/Director, to:

- accrue and carry forward any amount of annual leave for a maximum of 2 years from the date the employee becomes entitled to the leave.

The Management Committee will advise by October each year the precise dates for closure. This issue is covered by CI 18.5 of the Professional Childcare Standard 2015.

Staff will access paid Annual Leave during this period. In addition to this, 17.5% Annual Leave Loading will also be paid when staff members are taking Annual Leave.

7.4.6 Leave Allowed before the Due Date

Where staff members have not yet worked for DSCCC for 12 months, the Management Committee may permit the staff member to use Annual Leave before the entitlement is due (i.e. during the period of the Christmas period closure), but the staff member will need to complete a further 12 months service before further Annual Leave can be granted.

If a staff member leaves before the 12 month period has expired, the Management Committee may deduct an amount from the payment on termination, to cover the Annual Leave taken but not yet accrued (refer relevant provision in Professional Childcare Standard 2012).

7.4.7 Personal Leave

Personal Leave (incorporating sick leave and carers leave) can be accumulated from year to year and taken in accordance with the Professional Childcare Standard 2015 conditions.

However it should be noted that on termination of employment, any outstanding personal leave credit balances will not be paid out.

In accordance with the Professional Childcare Standard 2015, staff are entitled to up to three single days personal leave (because of illness) during the year without a medical certificate.

- Any requests by a staff member and subsequent decisions of the Management Committee under these provisions must be recorded in writing.
- The Management Committee will consider the request in accordance with the provisions of CI 24.8.3 of the Professional Childcare Standard 2015.

- Meeting with the Director/ Assistant Director and a Management Committee member to negotiate the conditions of a return to work if needed.

7.4.10 Infectious Diseases Leave

Infectious Diseases leave is granted in those situations where a staff member has contracted an illness from the workplace (as set out in **Appendix 5**).

7.4.11 Study Leave

7.4.12 Rostered Days Off (RDO)

Each full time staff member will be rostered one day off a fortnight. Staff are required to seek the approval of the Director/ Assistant Director before swapping an RDO with another staff member.

7.4.13 Long Service Leave

In line with the *Long Service Leave Act 1992 (Vic)*, all employees are entitled to Long Service Leave. Under the Act, employees with continuous employment with one employer are entitled to 13 weeks' paid long service leave, taken as a break from work without loss of pay, at 15 years. Employees are entitled to take long service leave after 10 years of continuous employment with one employer, calculated on a pro-rata basis.

If an employee uses their long service leave entitlement at the 10 year mark, they must accrue the remaining long service leave entitlement (up to 15 years) before taking any further Long Service Leave.

APPENDIX 1 – BACKGROUND INFORMATION

Research has demonstrated that employing appropriately-qualified staff in early childhood services is a key contributor to the delivery of quality programs and better learning outcomes for children.

“Those with higher qualification levels and standards of training are better equipped to provide improved learning environments and mentor educators in quality practices, leading to better outcomes for children.” (Guide to the Education and Care Services National Law and the Education and Care Services National Regulations 2011).

The Australian Government has acknowledged this by legislating minimum qualification requirements for all educators working in early childhood education and care services. Eligibility for services to receive funding also includes requirements for staff to hold specific qualifications (*Victorian kindergarten policy, procedures and funding criteria – refer to Sources*).

A current list of approved qualifications is available on the Australian Children’s Education and Care Quality Authority (ACECQA) website (refer to *Sources*). Applications can also be made to ACECQA to determine if other qualifications (such as those gained overseas) entitle the individual to work as an early childhood teacher, diploma-level educator or certificate III level educator. Application forms are available on the ACECQA website and a fee is required for processing an application.

In addition, current legislation requires at least one educator who holds current approved first aid qualifications, anaphylaxis management training and emergency asthma management training to be in attendance and immediately available at all times that children are being educated and cared for by the service.

These qualifications must be updated as required, and details of qualifications must be kept on an individual’s staff record. As a demonstration of duty of care and best practice, KPV recommends **all educators** have current approved first aid qualifications, anaphylaxis management training and emergency asthma management training.

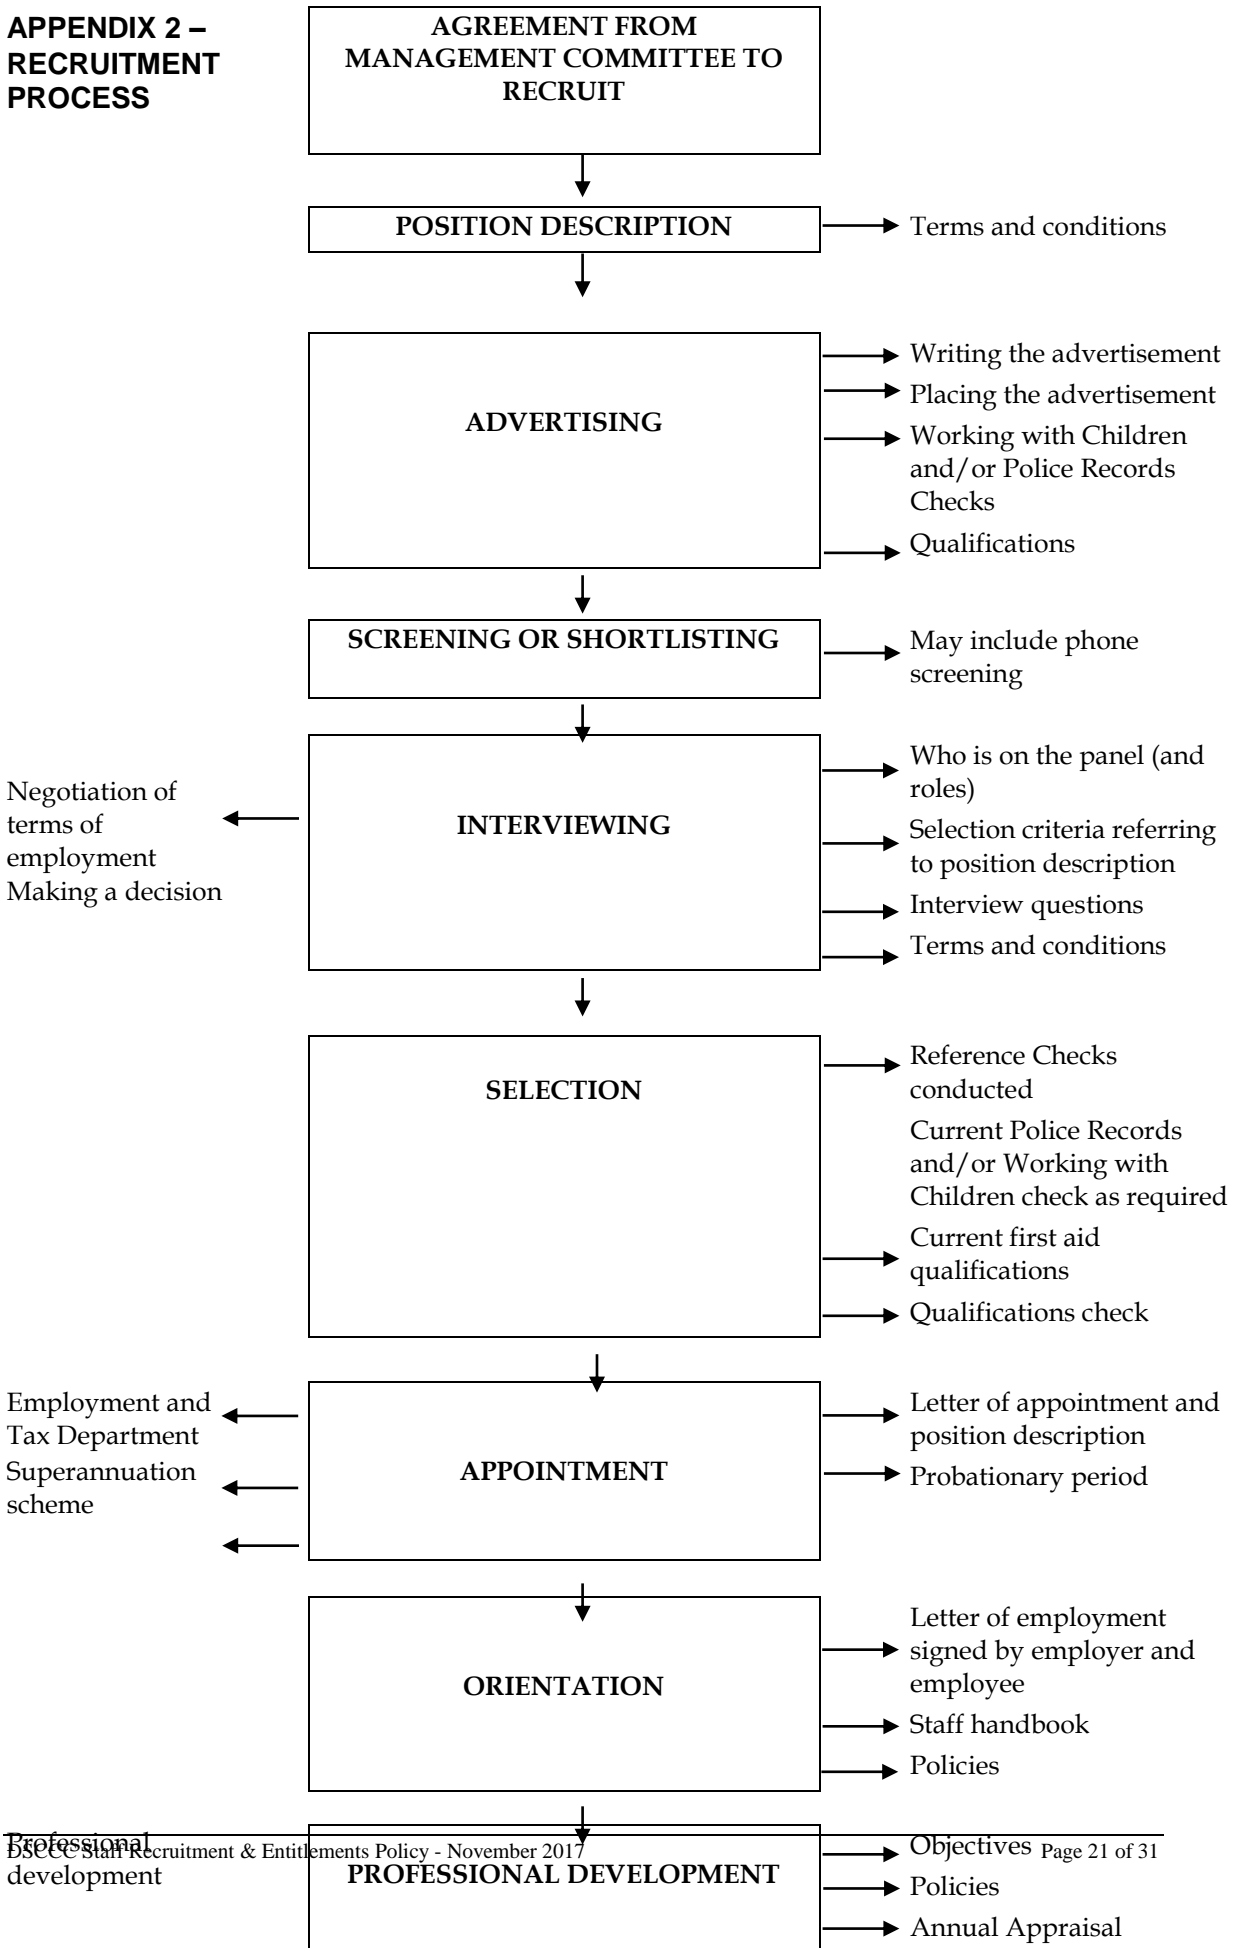

It is essential that all educators and other adults engaged to work directly with children are provided with opportunities to learn and develop new skills in relation to supporting the learning and development of young children. Such opportunities can arise when more qualified and experienced educators offer guidance and feedback to other educators.

Opportunities for professional development are also crucial for all educators to ensure that their work practice remains current and relevant to the practices and principles of the national *Early Years Learning Framework* (EYLF) and the *Victorian Early Years Learning and Development Framework* (VEYLDF) (refer to *Sources*).

Staff are required to actively supervise children at all times when children are in attendance at the service (refer to *Supervision of Children Policy*). To facilitate this, services are required to comply with legislated educator-to-child ratios at all times, and these ratios are based on the ages and number of children at the service. Only those educators working directly with children (refer to *Definitions*) can be counted in the ratio.

To ensure that children are protected from harm while participating in service programs, all educators and staff are required by law to have and maintain a Working with Children (WWC) Check or a criminal history record check (refer to *Definitions* and *Sources*). This also applies to volunteers and students unless they are working under the direct supervision of an educator who is over 18 years of age and holds, or is actively working towards (refer to *Definitions*), an approved diploma-level education and care qualification (Regulation 358).

PERSONNEL FILES

This appendix provides information of what should be included in the personnel files of employees: *Document Checklist for Employee Personnel File*

- *Employee Data Form + CV or Job Application*
- *Working With Children Check*
- *Probation Interview/Letter of acceptance*
- *Certified copies of qualifications*

Frequently Asked Questions

What is a personnel file?

A personnel file is a comprehensive record of employment, containing past and present information, of any persons employed at DSCCC. A personnel file is a resource that DSCCC may utilise as an employer. Separate files are kept for DSCCC employees (including emergency and relief staff).

Who should have a personnel file?

All DSCCC staff have a personnel file, including any person who is employed or appointed to work at DSCCC (whether or not the person cares for or educates children).

Confidentiality

As the personnel files contain personal information, including health information, the DSCCC Privacy Policy applies to the information in these files. The information contained in personnel file should only be accessed by authorised members of the Management Committee and the Director of DSCCC.

Why is it important to maintain a personnel file?

When a new member of the Management Committee commences, they will often have little or no knowledge of an employee's employment history. As necessary, a personnel file will provide all relevant information a member of the Management Committee may need about an employee, for example, salaries, rates of pay, sick leave, long service leave, letter of appointment, award entitlements and copies of qualifications (if relevant).

As the composition of the Management Committee often changes annually, and requires information regarding employees, it is important to keep files, and keep them constantly updated.

Pursuant to the *Education and Care Services National Law 2010 and Education and Care Services National Regulations 2011 (NSW)*, DSCCC is required to maintain staff records.

Remember: Personnel files are highly confidential, must be stored in a secure location and should not be removed from the centre.

- The payroll officer may wish to copy information (salary record) for payment of salaries.
- All records must be in a legible form.

- Computerised information should have 'security' software installed to prevent unauthorised access (ensuring confidentiality), should the computer leave the centre, for example, a lap top computer shared among committee and staff members. Otherwise information should be stored on disc or CD ROM and filed in a secure place.
- When any changes are made to an employee's conditions of employment, all information should be recorded and dated and a copy placed on their personnel file.

APPENDIX 5 – DEFINITIONS RELATING TO LEAVE ENTITLEMENTS – AS PER PROFESSIONAL CHILD CARE STANDARDS 2015

Annual Leave – Professional Childcare Standard 2015 CI 18.1.1. Employees (other than casual employees) shall be entitled to annual leave on full pay for a period equal to four working weeks for each continuous twelve months' service with an employer. Provided that where work continues over two days the minimum payment shall be for three hours at the appropriate rate.

Compulsory Overtime - Professional Childcare Standard 2015 CI 15.4.2 Where an employee, following the completion of ordinary hours of duty, is called back to duty for the purpose of attending management committee meetings, staff/parent meetings or similar, or where the employee is requested in writing by the community children's centre to attend in-service training outside normal hours, in lieu of receiving overtime payments, such employee may take paid time off, subject to the following:

15.4.2.1 In lieu of receiving payment for overtime worked in accordance with this clause, employees may choose, with the consent of the community children's centre, to take time off, for a period of time equivalent to the period worked in excess of ordinary rostered hours of duty, plus a period of time equivalent to the overtime penalty incurred. Such time in lieu shall be taken as mutually agreed between the community children's centre and employee, provided that accrual of such leave shall not extend beyond a 28-day period.

19.2 Carer's leave – an employee (other than a casual employee) shall be entitled to use up to 76 hours of their sick leave entitlement as carer's leave in accordance with the provisions of the sub clause.

19.4 Caring responsibilities for casual employees

Professional Childcare Standard 2015 CI 19.4 sets out the entitlement of casual employees to not be available to attend work, or to leave work:

- If they need to care for members of their immediate family or household who are sick and require care and support, or who require care due to an unexpected emergency or the birth of a child CI 19.4.1.1; or

APPENDIX 6 – FLEXIBLE ARRANGEMENTS – THE PROCESS EXPLAINED

What happens when a request for flexible arrangements is made?

1. An employee asks DSCCC (Director and Management Committee) to change their work arrangements so they can better manage their parental or carer responsibilities.
2. DSCCC considers the request and any information relevant to it, such as the likely effect on the employee's work, their co-workers, and the business.
3. DSCCC and employee meet to discuss the request.
4. If the request is not possible, alternative work arrangements that may help the employee balance work and family responsibilities are also discussed.
5. DSCCC consults with employees likely to be affected by the proposed changes.
6. The request is either agreed and DSCC puts the agreement in writing, including the duration of the new arrangement and dates and process for review or it is refused and DSCCC explains decision, giving reasons.
7. Request is trialed. DSCCC will consider a trial period if there are any doubts about the new arrangement.
8. DSCCC puts in place a process to ensure the employee is included in all workplace communications, consultation processes and social activities, training or staff meetings where possible.
9. DSCCC informs co-workers of any changes to work arrangements and develops strategies to integrate any changes in workflow.
10. DSCCC and employee meet regularly to review how the work arrangement is operating for all in the workplace.
